

SHRIMP HYDROLYSATE POWDER FOR AQUAFEED

NUTRITIONAL ANALYSIS

Proximal Analysis

- Moisture: ≤ 7 %
- Protein: ≥ 60 %
- Fat: ≤ 16 %
- Ash: ≤ 16 %

Bacteriological Analysis

- Salmonella: abs/25g
- Enterobacteria: < 300 CFU/g

RECOMMENDED USE

should be used in inclusion from 1 to 5% concentration in feed.

should be stored:

- at ambient temperature
- away from sunlight
- for up to 15 months following the date of manufacture in unopened bags

Packaging: 20 kg bags, big bags

COMPOSITION

Shrimp hydrolysate. *Preservatives:* citric acid (E330); *antioxidants:* BHA (E320), propyl gallate (E310), ascorbic acid (3a300); *flavoring compound:* Disodium 5'-inosinate (2b631) 2,5%
