Data Sheet

Product: SupremeCel-Yeast® (Premium)

Description: Finely ground and light brown in colour.

SupremeCel-Yeast® consists of the cell contents and the cell walls of brewers' yeast which are extracted by gentle and effective hydrolysis processes from their natural matrix so β -glucans and mannan oligosaccharides (MOS) of the cell wall in combination with the natural RNA components, the nucleotides, nucleosides as well as the pyrimidine and purine bases of the brewers' yeast guarantee the high efficacy of SupremeCel-Yeast®.

Thus, SupremeCel-Yeast® is able to support and especially during stress situations to accelerate the natural processes of cell regeneration and cell repair.

SupremeCel-Yeast® effects on fish and crustacea:

- Increased development and integrity of intestinal tissue especially in early stages of development
- Higher growth due to the high bioavailability of nucleic acids, nucleotides and nucleosides
- Improved immunity and resistance during infections and stress
- For optimisation of feed intake.

Analytical constituents and levels:

Crude Protein	50.0%
Crude oil and fats	3.0%
Crude fibre	1.0%
Crude Ash	6.6%
Lysine	3.6%
Methionine	0.8%

Microbiology:

Aerobi Mesophilic germs (CFU/g)	<10,000
Salmonellae (CFU/25g)	Neg.

Cell Ingredients:

Glutathione (in 100G)	500mg
Choline (in 100g)	320mg
Nucleic acid protein	12%

Directions for use: Intended for use as animal feed/fishing bait/feed.

Packaging/Storage: Clear plastic bags with a silver back and/or white lined paper sacks. Store in a ventilated and dry place. Keep out of direct heat and sunlight. Store at room temperature and ensure it is well sealed.

Allergen Advice: Handled in a warehouse that handles nut and fish products. Not for human consumption.

Shelf Life: 3 years from date of manufacture, if recommended storage conditions have been adhered to.
